Write-ups can be one-two paragraphs, not exceeding more than 300-350 words. It can be about the Kerala village you come from; or any other location in Kerala that holds a special place in your heart etc. Please send in a **picture** with your write-up.
4. We ask all parents who submit their kids' art work to please **Scan** the art & email us. A photograph of the art doesn't always do justice to it.
5. For those kids who would like to try something different, attaching few **Sketches** with this email. Kids, use your imagination & get innovative - pick a sketch, color it / turn it into a collage / spray-paint (tooth brush) or stick little pieces of paper into it for another type of art. So, get creative. After you are done, scan & email it to us!

Last but not the least, Gitanjali works on **advertisements**. So if you know anyone (business owner, doctor, realtor, Indian restaurants/stores etc) interested in advertising, please refer them to **Raj Unni** for details.

We enjoy working with everything you turn in - poetry, stories, write-ups, recipes, paintings etc. Thanks for giving us this opportunity!
